

**OIL FIELD LOCATION SITE
SOIL TESTING AGREEMENT**

This agreement is entered into between the Dunn County Soil Conservation District and _____ (“Cooperator”).
Authority to enter into this agreement is found in N.D.C.C. 4-22-26.

The District agrees to extract a soil test up to 20 probes per oilfield location site on the following land:

_____(legal description).
The District agrees to send the soil to be tested for salts, pH, hydrocarbons, Total Organic Carbons, and % organic matter.

The Cooperator agrees to pay \$500.00 per oilfield location site tested. Any additional tests to areas adjoining this location site will cost an additional \$300 per tested area (such as a drainage area). The price of these tests includes the lab fees, postage for shipping soil, mileage, and time for services provided. The Cooperator shall indemnify and hold harmless the District and its officers, agents and employees from any and all liability or claims in connection with this agreement, damages incurred during testing, or results of the tests from these soil samples. The Cooperator also agrees to give the District permission to ingress and egress the location as listed above.
